JAN - 8 1914

Mr. Don M. Carr,  
Supt. Yakima School.

Sir:

It appears from the census of the Umatilla Indians that Pe-o-wats-sen-ay and Cecelia Sampson after obtaining their pro rata shares of the tribal trust funds belonging to the Indians of the Umatilla Reservation, have since been allotted at the reservation under your charge.

This matter is brought to your attention in order that, in case there should be any distribution of tribal funds at the agency under your charge at any time, they may not share therein, since they have received their entire porportion of the tribal funds as belonging to another reservation and would not be entitled to receive tribal shares at both agencies.

Respectfully,

(Signed) E. B. Meritt  
Assistant Commissioner.

The Commissioner of Indian Affairs,  
Washington, D. C.

Sir:

Enclosed herewith you will find the census of the Walla Walla, Cayuse and Umatilla Tribes of this reservation, in triplicate, which has been prepared in accordance with Office letter of October 16, 1913, file marks above.

You will note on the census transmitted to the Office in August that the number "21" was omitted, making the total number of Indians on this reservation 1128. In preparing the new census this number was used in its proper order, thus making the total number of Indians 1127 instead of 1128.

All Indians who have received their pro rata share of the tribal funds are so designated by an asterisk and the claim number follows.

Respectfully

*E. Hayward*  
Superintendent.

DEPARTMENT OF THE INTERIOR

UNITED STATES INDIAN SERVICE

Umatilla  
Indian  
School.

Pendleton, Oregon.

August 24, 1914.

The Commissioner of Indian Affairs,  
Washington, D. C.

Sir:

*from* Transmitted herewith in triplicate, is the census of the Walla Walla, Cayuse and Umatilla tribes of the Umatilla Indian reservation for June 30, 1914. The census shows the total number of Indians under my jurisdiction to be 1123, a decrease of 8 since the census of June 30, 1913. The allotment number of each Indian holding an allotment on the Umatilla reservation is shown on the same line as the name of the allottee. "C" designates Cayuse, "U", Umatilla and "W. W.", the Walla Walla tribe. I have also shown, on the census to be used in connection with the settlement of the claims for shares of tribal funds, the claim numbers of all Indians who have heretofore received their shares of the tribal funds. Where the claim number does not appear, the Indian has not yet received his share of the tribal funds. The census has been made with a great deal of care, and it is believed it is as near correct as it is possible to make

it considering the scattered condition of the mixed  
blood allottees of the Umatilla reservation. So far  
as the full blood Indians are concerned, the census  
is absolutely correct.

Respectfully

*E. H. Swartzlander*  
Superintendent.
